

## Student volunteer to join Late Lecture board

Late Lecture is currently looking for more sharp students that want to work with initiatives to inspire students and to highlight opportunities after graduation.

At Late Lecture we help bridge the gap between your final grade and your future employer by arranging talks with people who have managed to take their career to the next level. We invite leaders, entrepreneurs and scientists with extensive knowledge in their field.

New initiatives are constantly being chased and we also welcome your proposals for creating value for students at danish universities.

### **The role**

You will be joining our board in planning future events, creating online articles or working together with the industry to create opportunities and attractive offers for students. Depending on your specific qualifications and interests, you can take on different roles in the organization ranging from leading projects in collaboration with companies, managing our IT solutions or working around our events during the semester.

### **Qualifications**

Student at a danish university or similar

Self driven & motivated

Great communicator

Able to work on average up to 5 hours per week

Experience with Squarespace, Mailchimp or similar is a plus

### **What we offer**

We offer an opportunity to get influenced by many different people both based at university but also with partners in the industry that broadens your network and teaches you a new set of skills.

Being a volunteer is seen as a big plus on your curriculum vitae when applying for student positions or full-time jobs after graduation.

Late Lecture is a new and fast growing student run non-profit organization based at the Technical University of Denmark. We are currently 8 students on the board, working to create initiatives for students. We encourage applicants from all universities to apply by sending a short application to [hey@latelecture.dk](mailto:hey@latelecture.dk).
